

## EDUCATION IN WHICH OUR GRADUATES ENROLL

In accordance with the Higher Education Act (HEA) of 1965, as amended, each institution of higher education must make available the types of graduate and professional education in which graduates of the institution's four-year degree programs enroll. As Galen College of Nursing is a single purpose college dedicated solely to nursing education, the most common programs graduates enroll in are as follows:

- Master of Science in Nursing (MSN)
- Doctor of Nursing Practice (DNP)
