

The following outlines the resources (textbooks, websites, media, etc.) utilized in each course. *Required* resources are necessary for academic success: you must obtain and study from them to succeed in a course as outlined in the course syllabus. *Recommended* resources provide material that will boost your academic performance in that course but are not always necessary for academic success. Faculty may or may not use recommended resources in class or during clinical. Please confer with course faculty before purchasing recommended resources.

Use International Standard Book Numbers (ISBN) to identify the books below with any book vendor. Rented, used, and electronic formats of the resources may be available at a reduced cost to the student. A dagger (†) preceding a title indicates the resource is appropriate for renting. A keyboard symbol (☐) preceding a title indicates that an electronic resource may be available for purchase, rent, or free if an open source is available.

When renting a textbook, it may not include CDs, DVDs, or access codes for other protected electronic content, even if the book had those features when sold new. These features may be required for the successful completion of the course in which the book is used. If you believe a textbook is supposed to include a disk or an unused access code, check before renting. Galen is not responsible for purchases made in error.

Textbooks/resources may be used in multiple courses throughout the program. Students should verify this information via the booklist before purchasing/renting or returning/reselling. Galen encourages students to retain textbooks/resources as reference materials to assist throughout their nursing career.

The following publishers offer a special discount for Galen students who purchase directly from the publisher:

- Elsevier (35% discount w/ free shipping) – See textbook-specific links below. Purchasers must redeem each cart separately to apply the discount if purchasing multiple Elsevier textbooks. Do not complete the transaction if the discounted price is not shown. Contact Elsevier for any concerns via the [Elsevier Support Center](#).
- F. A. Davis (30% discount w/free shipping) – Use the following link: www.fadavis.com and enter Promotion Code **C3K141S3** at checkout.
- Wolters Kluwer (30% discount w/free shipping) – The Lippincott Direct online store includes the Lippincott learning solutions adopted by Galen and will automatically calculate all direct purchase discounts for which Galen qualifies.
